One Vision of Queen feat. Marc Martel

One of the world's most spectacular Queen tribute shows

He's recognised as THE singing reincarnation of the legendary **Queen** vocalist **Freddie Mercury** and is without doubt one of the world's greatest and most sought-after interpreters of the great rock legend: **Marc Martel** has already thrilled more than 70,000 spectators in Germany, Austria and Switzerland alone, with the spectacular **live show "One Vision of Queen"**, which was first seen here in 2020. International superstars like **Celine Dion**, and even original Queen band members and discoverers of the original vocal genius himself – **Brian May** and **Roger Taylor** – are among his biggest fans. His incredible performances transformed NFL half-time shows into unforgettable highlights.

Canadian by birth and now living in Nashville, the singer and entertainer **Marc Martel** has been touring the world with his Queen shows for more than ten years, casting a spell over audiences with his unique charm. No sooner is his voice heard, than spectators are magicked back into the past as if in a time machine, to the very place where the rock band **Queen** and its frontman **Freddie Mercury** enjoyed their greatest successes. Enthusiasm isn't confined to Queen fans, but also extends to the media: he has appeared as a guest on the hottest international TV shows (Ellen DeGeneres), as well as in Germany – most recently in April of this year, on the [Giovanni Zarella Show](#) and the [ARD Morgenmagazin](#). His YouTube videos have earned over 250 million clicks and counting, with over 1.4 million followers on his channel. No surprise, either, that **Marc Martel** recorded songs for the Freddy Mercury biopic "**Bohemian Rhapsody**", which won four Academy Awards.

With over 25 dates in Germany, Austria, Switzerland, Belgium, the Netherlands and the UK, next year's "**One Vision of Queen – feat. Marc Martel**" show will be bigger, more spectacular and more impressive than ever. Audiences can look forward to the singer and his brilliant band performing a treasury of Queen classics, including "**We Will Rock You**", "**Bohemian Rhapsody**", "**I Want To Break Free**" and "**Somebody To Love**", with which he brought a tear to the eye of more than just Celine Dion.

Although as an artist, **Marc Martel** seeks to come as close as possible to **Freddie Mercury** in his interpretations of Queen, as a person he wants to make his own mark: *"Of course, people would love me to dress and move like Freddy Mercury did. But I think my voice is enough to remind them of him, and I love to be myself on stage."*

And for all his immense power and despite the vocal resemblance, this exceptional talent certainly has a voice that is all his own – alongside the warmth, there's a trace of

vulnerability in there too, which is instantly moving and often leaves audiences astounded and deeply impressed. With **Marc Martel**, “**One Vision of Queen**” will be a truly unique and unforgettable experience.
